TO: Speaker of the House Shekarchi

House Majority Leader Blazewski

RE: House Bill H7324

As a life long resident of the town of Narragansett I have witnessed exponential growth here. The increasingly large homes being developed have changed so many of our scenic roads and many are threatening sensitive environmental areas.

I believe it is important for towns to retain the tools to necessary for managing development and redevelopment on the very small lots remaining in their communities. In Narragansett we already face much opposition within our town to imposing restrictions on these property. House Bill H7324 would further hinder our efforts by effectively rendering our town ordinances unenforceable.

Therefore, I urge you to **oppose House Bill H7324.**

Respectfully,

Elizabeth Gomes
Narragansett Town Resident
