

I strongly support bill H7382. This bill reduces the current limits on renting and provides badly needed housing for URI students as has been done for decades. *include off campus address and name, if Rhode Island use home address*

The 3 person ordinance greatly limits my friends and my ability to find affordable housing in the town of Narragansett. Due to the ordinance rent prices have increased on many websites, severely limiting possible renting space and putting more pressure on student renters.
