

I strongly support bill H7382. This bill reduces the current limits on renting and provides badly needed housing for URI students as has been done for decades.

My daughter currently lives in Narragansett with two other roommates. She loves living there, but has an additional friend who has been left out in their sophomore year and now junior year because of this ordinance. It is very hard to try to find housing for 4 girls. They are very responsible young adults who do not party. Don't crucify the good ones because of a couple bad seeds.

Thank you
