

H7382

My son has been a student at URI for the past 3 years. Although we have enjoyed the URI experience we have not appreciated the stress of housing. I don't understand the residence distain for the students. The students and the college are guaranteed revenue for the area. The municipality limiting housing in the area will limit out of states students from attending URI when given another option at competitive schools. My hope is the municipality will reconsider their decision and reverse the ordinance.

This bill will reduce the current limits on renting in cities and towns across the state and will have a positive effect on the housing crisis in Rhode Island. It will also provide badly needed housing for URI students.
