

Dear RI House members

I am writing to you in **favor** of the RI House bill H7382 and its companion Senate bill S2635. I strongly feel that the overreach of local town council in Narragansett must be kept in check by our state government. Passing these bills will correctly put the control of such statewide actions back in state control. I hope you vote **YES** in favor of this bill.

Respectfully

Dr. Arman Ebrahimpour
