Subject: SUPPORT House Bill H7382

To My legislators,

I Eric DaRosa strongly support bill H7382. This bill reduces the current limits on renting and provides badly needed housing for URI students as has been done for decades. URI is the corner stone of Rhode Island Education, Narragansett and the surrounding areas is a prime reason why student enroll to the University. I not only have a daughter at the University but I also own and live in Narragansett right alongside students whom rent houses. The students are respectable, fun and keep a great school spirit off Campus. I enjoy watching and talking with them as it reminds me of my youth and great times in my life when I was at the University!!!.

Sincerely,

Eric DaRosa
