

Currently the town of Narragansett has an ordinance in place of maximum of 3 college students per house.

I am m paying tax on a 5 bedroom. when i initially purchased my home in Narragansett it was to help me with income since i am permanently disabled.

I have no other income and not being able to rent each bedroom in a large house is a financial hardship for me. Faced with this i ask that the RI general assembly support this housing bill H7382.
