

I strongly support bill H7382. This bill reduces the current limits on renting and provides badly needed housing for URI students as has been done for decades. As parent of an incoming freshman at URI, I strongly support this bill. Reducing the number of roommates creates more renters seeking housing. It does not reduce renters in the town, but just creates more obstacles to find housing.

This town survives on summer residents (both renters and owners) as well as college rentals in the offseason.

Thank you,
Gina Donaldson
