

To whom it may concern

I strongly support bill H7382. This bill reduces the current limits on renting and provides badly needed housing for URI students as has been done for decades.

My daughter is a junior at URI living with four other girls in South Kingston. The rent is already high and the options for housing are limited. If this bill passes you must offer more on campus living arrangements or risk decreased enrollment. I would not have sent my daughter to URI if I thought she wouldn't have housing options beyond sophomore year. Pick your poison... allow more than three students to a household or build more dorms!!
