

I strongly support bill H7382. This bill reduces the current limits on renting and provides badly needed housing for URI students as has been done for decades.

I am a Rhode Island resident and small business owner. Small businesses are constantly being attacked and businesses are leaving by the dozens. The Town of Narragansett is unfriendly and aggressive to small businesses.

Business owners are hard working. We bring in revenue, create jobs, hire many specialists such as carpenters, and plumbers, electricians and painters etc. We are the backbone of OUR state and we want to make Rhode Island a great place for our children to live in.

Please support this bill

Thank you,
