Re: Support for H7981 (Duplexes and Mixed-use Districts)

Dear Chairman Casey and Members of the House Committee on Municipal Government and Housing:

I am writing in support of bill H7981, which proposes to allow more duplexes across the state and more apartments in commercial zones.

Duplexes and mixed-use districts are exactly the type of “gentle density” that made up Rhode Island’s historic character and can help us address the current housing shortage. In 2016, the Rhode Island Housing and Finance Corporation warned that our state needed to add approximately 40,000 homes over the next ten years in order to meet demand. Since then, we have added less than half that number—approximately 18,000—and demand has only increased in the wake of the COVID-19 pandemic.

I live in a three family home with my family and our tenants. Smaller multi-unit buildings provide a great mix of modestly price rental housing and homeowners, helping make neighborhoods both welcoming and stable.

I urge you to support a strong version of this extremely important bill so that residents can continue to afford a home in the state that we all love. In particular:

- Please maintain the provision legalizing duplexes by right on at least 30% of the developable land in each city and town (which the city or town can choose how to implement); and

- Please legalize mixed-use districts broadly. One district per city and town is not enough, particularly without guardrails to ensure that districts are designed to be actually buildable.

Thank you for your consideration.

Respectfully,

Seth Zeren
