

Hello,

I am strongly opposed to bill H8182 which would allow cities and towns to restrict and destroy the state's short term rental market through aggressive permitting and licensing, excessive fees, inspections and burdensome reporting requirements. This bill would damage both local and state economies, destroying small businesses and their employees who depend on the tourism that these renters provide. The passage of this bill would be an attack on owner property rights. My family in particular depends on the income that has been created from short term rentals.

Please do not pass bill H8182.

Don Miller
