

I strongly oppose this bill H8182 which allows cities and towns to restrict and destroy the state's short term rental market through aggressive permitting and licensing, excessive fees, inspections and burdensome reporting requirements. This bill would damage both local and state economies, destroying small businesses. The passage of this bill would allow cities and towns to use tools allowed in this bill to determine who can and can't live and visit the town. It is an attack on owner property rights as well.
