

I strongly oppose this bill H8182 which allows cities and towns to restrict and destroy the state's short term rental market through aggressive permitting and licensing, excessive fees, inspections and burdensome reporting requirements. This bill would damage both local and state economies, destroying small businesses and their employees who depend on these renters. The passage of this bill will allow cities and towns to use the tools allowed in this bill to determine who can and can't live and visit their town. It is an attack on owner property rights as well.

My property is at 51 Glendale road and I built this home in 2000 as a rental for summer and winter rental. This bill will be terrible for my property. Many families come year after year to spend time and money in Narragansett!

Thank you
