

RE: Supporting Bill H 5887

To Whom It May Concern:

I write in enthusiastic support of the proposed replacement of "Victory Day," the name of the Rhode Island holiday observed on the second Monday of August, with the title "Peace and Remembrance Day."

I support the change because to me the holiday has always felt like something that we should not be celebrating. I want to see the name change because it is absurd that we have this day as a state holiday when so many people lost their lives and were devastated by acts committed. Rename Victory Day now!

Thank you,

Mary Dolan
