Subject: Support for H 7329

To: Steven Sepe, Committee Clerk

I am a Rhode Island resident, registered Democrat and an active member of Pax Christi Rhode Island I must urge the members of the House of Representatives to Pass Resolution H 7329. This resolution would urge the federal government to pursue A broad range of measures to reduce the danger of nuclear war. I want to see the U.S. join the 93 countries that have signed and ratified the United Nations Treaty on the Prohibition of Nuclear Weapons (TPNW). Nuclear weapons inflict devastation and suffering on a massive scale , threatening the survival of humanity. As a Catholic and a Christian i believe that their use can never be justified.

As each state considers this resolution I hope RI will be a leader in recognizing that nuclear weapons serve no legitimate military or strategic purpose . The nuclear weapon ban treaty offers the best hope of moving us rapidly toward a world that is permanently free of this menace.

I am sorry I am not able to voice this opinion in person. Thank you for considering my position and I look forward to hearing the good news that the Rhode Island legislature supports the TPNW.

Sincerely,
Madeline Labriola
