Subject: Support Bills

Good morning,

I support House Bills:

[House Bill 7850](#) which would establish Election Day as a day of special observation in the State of Rhode Island and restrict the use of mail ballots in elections to people who are unable to vote in person due to a disability, hospitalization, military service, or travel outside the state. This would continue the mail ballot option for those who truly need it and provide voters with more flexibility and accessibility to cast their ballots, especially where they would otherwise be unable to do so due to work.

[House Bill 8017](#) is a Joint Resolution that would propose a state constitutional amendment which would provide that non-citizens of the United States would not be allowed to vote in this state. This would go against the RI Constitution.

Thank you and best regards,

Sandra Taylor

Johnston, RI
