Greetings Committee,

I am writing regarding some of the election bills today.

oppose #5275, since elections are by plurality in the RI constitution. Places that have enacted RCV have regretted adopting it. It has been expensive, labor intensive, and unclear.

oppose #5276 for the same reason as above.

oppose #5277.

oppose #5712.... what even is this? It makes no sense in this bill, therefore I expect it to only cause even more confusion than RCV does already.

oppose #5874.

and support #5519.

thanks,
