Subject: Support Bill H. 5453

Dear Chair Shanley and Members of the Committee,

I am writing in support of Bill H. 5453. Having CRMC under the direction of DEM would make the division much better to oversee critical coastal and environmental issues. This would ensure professional oversight and clear accountability as well as fixing procedural flaws and delays.

Thank you for introducing this bill. With your support, we can continue to preserve and protect our beautiful coastal areas such as Seapowet Marsh with its unspoiled wildlife habitat and pristine natural conditions which is also the perfect setting for all types of recreation.

Thank you again for your support.

Respectfully,
Carol A. Solimene
