Subject: Support for H 5706

Dear Committee,

As a Rhode Islander, I support H 5706. Our coastal resources are too important to be left in the hands of unaccountable political appointees. Please pass this CRMC reform bill that makes RI's coastal agency more transparent, accountable, efficient, and effective.

The RI coastline is unique in the United States for its history and beauty. Management of the coast needs to be in the hands of experienced, knowledgeable, and professional managers. It is time to modernize the way we manage the coast.
