Attn: Chairman Walter Felag  
Senate Committee on Special Legislation and Veteran's Affairs

I am writing to express my strong support for the proposed Rhode Island license plate (bill 2178) for disabled drivers. The new design is not only visually clear and thoughtful, but it also reflects the importance of accessibility and recognition for individuals with disabilities in our community.

This plate will serve a meaningful purpose by making it easier to identify vehicles with disabled drivers and by promoting awareness of the needs of our fellow citizens. I believe it is a positive step forward for Rhode Island, and I urge you to support its adoption.

Thank you for your attention to this matter and for your continued service to our state.

Sincerely,

Daniel Chapman
