You don't often get email from dopey458@gmail.com. [Learn why this is important](#)

Chairman Walter Felag
Senate Committee on Special Legislation and Veterans's Affairs

Hello Mr Chairman,

I heard about this bill being presented to bring back the making and use of disabled license plates. I would like to let you know the reasons why I feel this bill is will help those of us in the disability community.

Licence plates

- 1) are more permanent and visible than placards which have a tendency to begin breaking within a few years of being used.
- 2) harder to be used by individuals that do not have a medical reason
- 3) placards can be lost or stolen
- 4) plates are located on the front and back and easily visable

Thank you for all your help to make this happen those of us in the disability community need all the help we can get.

Jennifer Lariviere
